Pre-Work

- In verse 6 the Holy Spirit came onto the disciples. What did that look like? What does this look like today?
- In verse 18-19 magic books were burned, what modern things relate to these books?
- Verse 9 sets disciples apart, verse 10 indicates two years, is this teaching or discipling?
- Can the sons of Sceva be related to modern false teachers?
- My spouse said I gave them a headache so I googled "anointed prayer cloth for healing" and ordered one with expedited shipping. How does that square with today's lesson?
- How would a social media algorithm react to the message in verses 13-20 if this happened today?

Putting it Together:
God's Spirit comes to everyone who trusts Christ. This is not a one-time spectacle. It's your everyday power that brings His Word alive in your life.
