Pre-Work
- Where was Paul located in Acts 18:1-17?
- Why were Jews ordered out of Rome in Verse 2?
- Why did Paul shake his clothes in verse 6 instead of shaking the dust off his feet?
- What is the key difference between the Bema-seat" in Acts 18:16 versus in Romans & 2Corinthians?
- You shared this lesson with a workmate and the next day she shows up to work bald as a demonstration of faith. She says, "you gave me the idea". How does that square with the lesson today?
- You got frustrated with a friend because they, once again, told you how wrong you are to live a Christian life. You left, holding up your hand and told them, "talk to the hand". How does that square with today's lesson?

Putting it Together:
God gave Paul partners who had just been forced out of Rome, protected Paul's work and encouraged him to stay. God still arranges circumstances, provides co-workers, and calls us to remain faithful - even when people reject the message.
